Legal Aid Centre

Speed Mentoring in Nirmal School

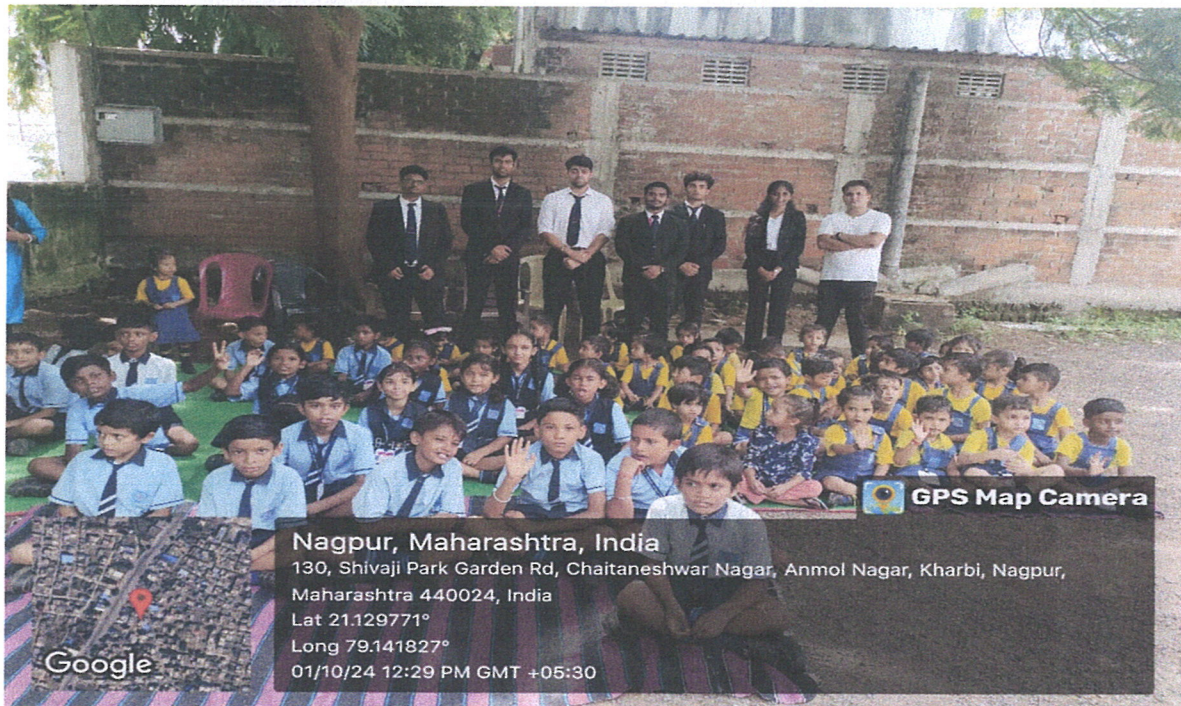

On **1st October**, the students of the Legal Aid Centre at Symbiosis Law School, Nagpur visited a school to mentor young students about various aspects of road safety and traffic rules as part of their Pro Bono Services under the elite leadership of Dr. Sukhvinder Singh Dari, Director of SLS Nagpur and Guidance of Dr. Deepti Khubalkar Faculty In-charge of the Legal Aid Centre. The Activity was aimed to act as an awareness campaign in schools about various issues such as road safety. The programme was held in Nirmal School located in Kharbi road, Wathoda, Nagpur.

The students of the cell interacted with the children who were of 4th and 5th standard and also had a brief introduction with the children of kindergarten. The cell members displayed various signs which are common on roads and the importance of pedestrian rules. The members also conducted an activity where some students demonstrated how traffic rules are important and the correct way to cross the road.

The road safety awareness campaign provided cell members with a rich learning experience that enhanced their effective communication skills by engaging with younger students. They gained insights into impactful teaching techniques, developed empathy for children's perspectives, and strengthened teamwork through collaborative planning. The event highlighted the importance of civic responsibility and the role of legal professionals in community engagement. Members learned to adapt based on feedback, practiced leadership skills in a supportive setting, and gained experience in conflict resolution during interactive sessions. This initiative motivated them to commit to long-term community service while fostering personal growth and instilling a sense of fulfillment in positively impacting the community.
